LICENSE VALIDATION BULLETIN

This document describes the process of validating non-EASA licenses for pilots competing during the 14th Junior World Gliding Championships at Aalen-Elchingen.

In general, license validation will be done in accordance to EU-regulation 1178/2011 (Update 20250501).

The Federal German Aviation Authority LBA is responsible for validating foreign licenses. Our club, LSR Aalen, managed to agree on a simplified process with the LBA. This simplified process is only applicable to pilots participating in the 14th Junior World Gliding Championships.

As part of this simplified process, pilots are requested to authorize the LSR Aalen to manage the license validation process for them.
